Subject: Test Plan and Robust Summaries for CAS No. 32687-78-8

Dear Karen:

Is it still possible to submit test plans and robust summaries electronically through you?

If so, Ciba here submits our test plan and robust summaries for IRGANOX MD 1024 [1,2-bis(3,5-di-tert-butyl-4-hydroxyhydrocinnamoyl)hydrazine; CAS No. 32687-78-8].

Sincerely yours,

Richard Balcomb
